

# HELP FOR PEOPLE STRUGGLING WITH ALCOHOL WITHDRAWAL

Pennsylvania's Department of Drug and Alcohol Programs (DDAP), in partnership with the Pennsylvania Liquor Control Board, has developed a process to support individual's facing alcohol withdrawal due to the closure of Fine Wine & Good Spirit Stores during COVID-19 mitigation.

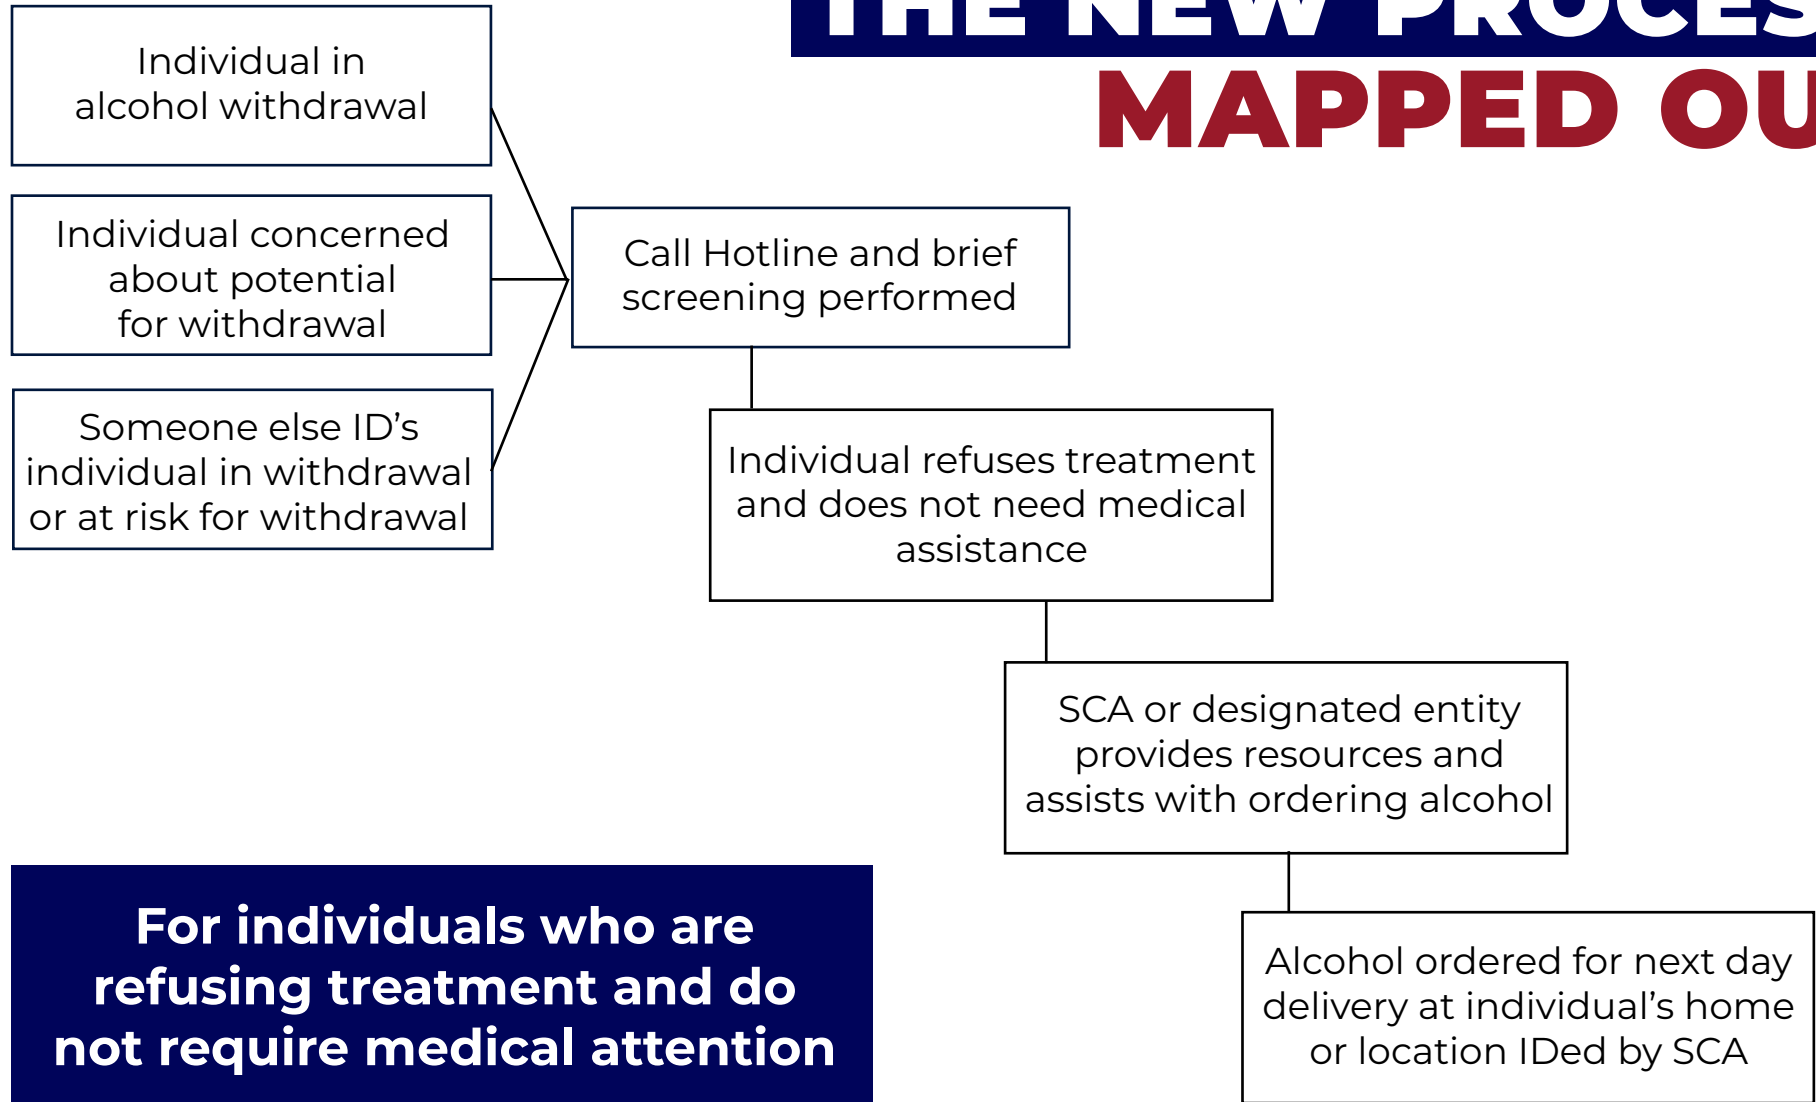

## THE PROCESS

**Call 1-800-662-HELP (4357)**

**The first step is to call Pennsylvania's Get Help Now Hotline** if you interact with an individual experiencing alcohol withdrawal. The hotline staff will perform a brief screening developed to assess how to best serve the caller.

**For individuals who are refusing treatment and do not require Immediate medical attention,** a process has been established using community resources to support individuals identified as alcohol-dependent or addicted.
