

Jurisdiction: WALKER TOWNSHIP | Name/Title: MARCY DREIBELT SUPERVISOR

1. **Planning and Regulatory Capability:** Please indicate whether the following planning or regulatory tools and programs are currently in place or under development for your jurisdiction by placing an "X" in the appropriate box, followed by the date of adoption/update. Then, for each particular item in place, identify the department or agency responsible for its implementation and indicate its estimated or anticipated effect on hazard loss reduction (Support, Neutral, or Hinder) with the appropriate symbol and also indicate if there has been a change in the ability of the tool/program to result in loss reduction. Finally, please provide additional comments or explanations in the space provided.

4. **Community Political Capability:** Political capability in this instance is being measured by the degree to which local political leadership (including appointed boards) is willing to enact policies and programs that reduce hazard vulnerabilities in your community, even if met with some opposition. Examples may include guiding development away from identified hazard areas, restricting public investments or capital improvements within hazard areas, or enforcing local development standards that go beyond minimum state or federal requirements (e.g., building codes, floodplain management, etc.). Rate the jurisdiction’s political capability to enact policies and programs that reduce hazard vulnerabilities on a scale from 0 to 5. Generally, a higher score corresponds to a higher degree of community political capability.

5. **Self-Assessment of Capability:** Please provide an approximate measure of your jurisdiction’s capability to effectively implement hazard mitigation strategies to reduce hazard vulnerabilities. Using the following table, place an “X” in the box marking the most appropriate degree of capability (Limited, Moderate, or High) based upon best available information and the responses provided in Sections 1-4 of this survey. For multi-jurisdictional plans, record the results of this section into the Self-Assessment Capability Matrix in Section 5 of the plan.

Area	Degree of Capability		
	Limited	Moderate	High
Planning and Regulatory Capability	X		
Administrative and Technical Capability	X		
Fiscal Capability		X	
Community Political Capability	X		
Community Resiliency Capability	X
