

SUBMITTING AN ORDER

If individuals with alcohol dependence or addiction are in danger of going into withdrawal and are refusing treatment or beds are not available, local Single County Authorities (SCA) or an SCA-designee at a specific county location are permitted to submit requests for alcohol by emailing RA-LBHealthcare@pa.gov.

Each request should include:

1. The SCA or SCA-designee's name, title, and organization.
2. Contact information for individual purchasing product, including telephone number.
3. Quantities and product requested. (*Quantities should be based on the individual's current usage and should not exceed a one week supply.*)
4. Ship-to address for the product.

Upon receipt of the emailed request, a representative from PLCB will call to confirm product availability and request payment by credit card.

Orders will be fulfilled and processed for delivery by UPS.
